

# Scabies treatment with tablets

*It's in everyone's interest*

Day 1

Wash your clothes at 60 degrees.

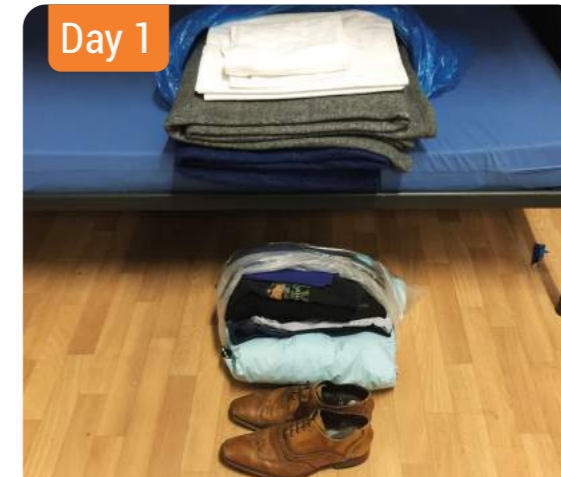

Day 1

Put stuff you can't wash inside a plastic bag for 3 days. Like shoes, jackets and soft toys. The mites will be killed after 3 days! You can get a bag at the COA

Day 1

Take your tablets in the evening. Don't eat and drink 2 hours before and after you take them. Water allowed!

Day 1

Already prepare yourself for the next morning. Select some clean clothes and some clean bed sheets. Get bed sheets at the COA!

Day 1

Now go to bed! Sleep well...

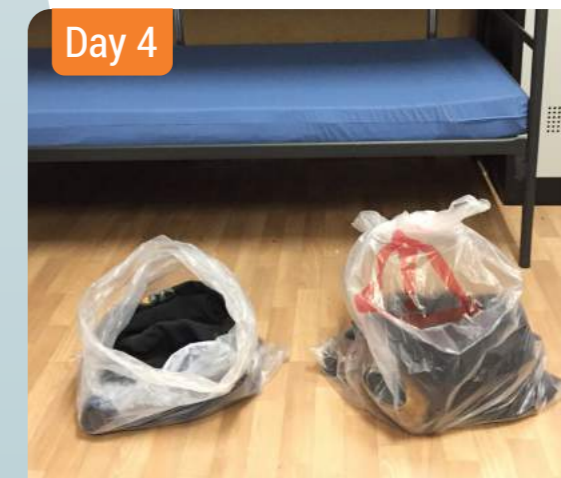

Day 2

In the morning pull off all the bed sheets. Put them in a bag. Use new bed sheets.

Day 2

Take a shower. Do not use too much soap. Use a clean towel. Put on clean clothes.

Day 4

The items that you could not wash and were in a bag for 3 days are now safe to use.
